Verse 1:

Bm **A**
It started with surrender
G
A cross that bore my burdens
D
A mercy so deep
Bm **A**
No tomb was strong enough
G
To hold the weight of love
A
That now lives in me

Chorus:

D **Em D/F#**
Divine power
Bm **A/C# D**
Risen from the grave
D **Em F#m**
The same power
Bm **A/C# D**
Running through these veins
G
Who on earth could stand against
Em **D**
The resurrection power of Jesus

Verse 2:

Honest in my weakness
Before the Great Redeemer
Who crowns me with grace
And I will fear no evil
The darkness bows to Jesus
And the glory of His name

Chorus x2

Bridge:

D
I see your Spirit moving in the room
Right here and now
D
Your holy presence filling every mind
Right here and now
Bm **A**
A touch of heaven, healing every heart
Right here and now
G
You're here right now
You're here right now
D
I feel your power shaking up the ground
Right here and now
D
The blood of Jesus, breaking every chain
That holds us down
Bm **A**
This is freedom, open up the gates
Let joy break out
G
Let joy break out
Let joy break out

Chorus x2
